MODULE ONE

smement

01 INCREASE AWARENESS AND PRACTICE YOUR SKILL

Along with returning the answers to your workbook, you will also need to complete this practical exercise.

For this module, you will be practising the art of educating others on celebrancy and how well you can answer (you will get asked the below a lot at wedding fairs for example).

As many people in the UK are still unsure of the concept, your assessment here is to print the following 5 times and ask 5 people the questions. Write down their feedback in the sheet below and send in a scanned copy.

Do you know what a celebrant is?

What is the main difference between a celebrant and a registrar?

Do you know why couples would choose a celebrant over a registrar?

Where can celebrants officiate ceremonies?

Why do you think I'd be good at being a celebrant?

If you were to have a wedding or could do it over again, would you have a celebrant led wedding?
